

NIAGARA 120 Floor Standing & Table Top

High Volume | Ice Bank | Floor Standing with CO₂

**WORLD RENOWNED HIGH QUALITY
AND PERFORMANCE
FROM COSMETAL**

IN STOCK FOR NEXT DAY DISPATCH TO YOU!

DESCRIPTION

- The NIAGARA120 FS IB AC C8 is a Floor Standing Ice Bank chiller which dispenses 120ltr per hour of chilled water and has an instant draw off of 70ltrs
- The NIAGARA120 FS IB AC WG C8 model supplies in addition 120ltr per hour of CO₂ carbonated water with an instant CO₂ draw off of 70ltrs
- The NIAGARA120 Top IB AC C8 is a Table Top Ice Bank chiller with the same high volume performance as the Floor Standing unit. It is not available to dispense carbonated water
- The high capacity of the NIAGARA120 Ice Bank is the result of a larger Ice Bank
- The Ice Bank chilling system ensures a constant chilled temperature of less than 10C, even at a high incoming water temperature of 20C
- The NIAGARA has a dispensing height of 30cm, ideal for filling Sports Bottles
- The NIAGARA floor standing coolers are finished in C8 which is a hard wearing plated steel finish.
- The Niagara Top Coolers are finished in C6 (stainless steel).
